- Movies

Rishabh Kumar

Frontend Developer(React)

PROFESSIONAL SUMMARY

Results-driven exceptionally skilled Frontend Developer proficient in React.js, HTML, and CSS, with a strong ability to craft responsive and visually compelling web applications. Demonstrates proficient use of Generative AI and quick adoption of new tech stacks. Adept in integrating frontend components with server-side APIs to optimize performance.

PROJECTS

1. Cravey Fusion | 🌐 | 🍔

React | CSS3 | HTML5 | JavaScript

- Implemented a fully responsive navigation bar.
- Developed the entire application using React.js and CSS3.
- Ensured the website is fully responsive and mobile-friendly, providing an optimal user experience across various devices.

2. Shopping Mania | 🌐 | 🛒

JavaScript | HTML5 | CSS3

- Cloned the e-commerce website, Flipkart, with extensive functionality ranging from user accounts to payment and feedback systems.
- Developed key pages like the Product Page, ensuring component reusability and efficient state management using JavaScript.
- Implemented categorization, filtering, add-to-cart, and checkout features to mimic actual e-commerce workflows.

3. Amazon Clone | 🌐 | 🛒

HTML5 | CSS3

- Developed a visually appealing and user-friendly landing page for an Amazon clone using HTML5 and CSS3.
- Ensured responsive design across various devices and browsers to provide optimal user experience.
- Collaborated closely with designers to translate project requirements into functional user interfaces.
- Applied best practices in frontend development to create a reusable and scalable codebase.
- Tested and debugged the application extensively to maintain high reliability and stability.
